

MedLite Beds

Lighter,
Easier,
Stronger,
Safer.

MedLite Beds and Accessories

Our Beds are Lighter

- Total semi-electric bed weighs only 137 lbs.
- Smooth-rolling, 3" casters make bed easy to move. Two casters have top-activated brakes to lock in place.
- Optional bed cart is available, and makes storage and transport of the bed a breeze. (MDSBEDCART)

Easier

- Electronics can be washed down with standard water pressure. (No high pressure washers).
- Plastic end panels are easy to wipe down and keep clean.
- Bed can be easily transported without removal of motors.

Stronger

- 450 lb. weight capacity.
- Extra steel plate welded to middle of frame.
- Plastic end panels resist breakage.
- Heavy-duty remote resists breakage and moisture.
- Extended five-year warranty on all electrical and mechanical parts. (Lifetime warranty on frame).
- Frame is painted with three coats of enamel and clear-coated to provide a strong finish that is chip and scratch resistant.

Safer

- Quiet DC Motors keep patients and caregivers safe with a low voltage system.
- Headspring supports moved out of way to resist pinching and injuries.
- Foot assembly hinges placed inside frame to significantly reduce chance of pinching.

- MedLite Beds have:
- Washable Electronics
 - Sealed Durable Panels
 - Low Bed Option

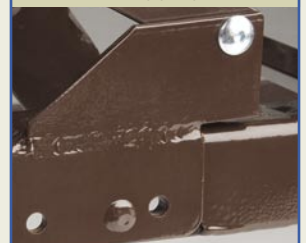

Our Motors are Quieter, Lighter and Washable

Our NEW Remote is Durable and Comfortable

Quality, Extra Steel Plates and Welding Prevent Sagging

Specifications

Dimensions: Length x Width	Spring Deck Width	Spring Deck Height	Section Adjust Head Knee

Bed Rails

Safety Siderails and Halfrails Require No Tools for Mounting

- Space between bars is under 3".
- Meets regulations requiring less than 4" spacing between bars.
- MDS89694 adjusts in length from 48" to 72".
- Fits most split-spring beds.
- No tools necessary for mounting.

Telescoping, 3-Bar Siderail is Spring-loaded for Quick Installation and Removal

- Constructed of chrome-plated, carbon steel for strength and durability.
- Accommodates beds ranging in width from 30" to 37".
- MDS89690 adjusts in length from 51" to 75".
- Siderails are 41" long when mounted on bed.
- Spring-loaded crossbars are quick to install and remove.

Description	Item #	Pkg.
Full Rail	MDS89694	Pair
Half Rail	MDS89697	Pair
Telescoping 3-Bar Siderail	MDS89690	Pair

Note: Patient entrapment from the use of bed siderails may result in serious injury or death. Use only with coherent patients capable of avoiding entrapment. For at risk patients, use only with appropriate bed siderail protective barriers. Bed siderails are not restraining devices. If restraint is essential, use only proper protective restraints. Monitor patient frequently.

Accessories Continued
